WORK EXPERIENCE

Borsa İstanbul

Financial Analyst

Istanbul, Türkiye
Sep 2024 – Jul 2025

- Analyzed large-scale revenue and trading-activity datasets to produce monthly and quarterly financial performance reports supporting product investment and budget-allocation decisions.
- Designed and executed A/B testing frameworks to assess the financial impact of market-product features; presented variance analyses and ROI summaries to senior management.
- Supported quarterly forecasting cycles by collaborating with product, engineering, and commercial teams to translate business requirements into measurable financial outputs.
- Built financial models and scenario analyses to evaluate P&L impacts of new product launches, listing initiatives, and cost-optimization programs.

Supsis AI

Financial Data Analyst

Istanbul, Türkiye
Apr 2023 – May 2024

- Prepared, validated, and reconciled financial and operational datasets supporting budget forecasts and AI-model performance reporting.
- Analyzed financial metrics and cost-efficiency ratios across business units, producing reports used in strategic pricing and resource-allocation decisions.
- Partnered with engineering and product teams to define financial acceptance criteria, KPIs, and measurable success metrics for new product initiatives.

SELECTED PROJECTS

Monte Carlo Portfolio Risk Simulator

Python, NumPy, SciPy

- Simulated 10,000 portfolio paths to estimate VaR, CVaR, drawdown distributions, and scenario risk using historical market data.

Credit Risk Scoring Engine

Python, XGBoost, SHAP

- Engineered a PD/LGD/EAD framework to estimate expected loss and Basel capital requirements, with SHAP-based model interpretability.

Equity Strategy Backtesting Engine

Python, pandas, Plotly

- Developed an event-driven backtester for momentum and mean-reversion strategies incorporating transaction costs and detailed performance reporting.

LEADERSHIP EXPERIENCE

FH Südwestfalen Finance Club

President

Soest, Germany
2025 – 2026

- Led a graduate finance organization focused on financial markets, investment analysis, and professional development.

Skidmore College Men's Tennis

Team Captain

Saratoga Springs, NY
2022 – 2023

- Served as team captain while competing at the NCAA Division III level; developed team leadership, communication, and performance-management skills.
